CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lesson inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe-

Dipthoria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and Stiff Joints.	Sore Nipples,
Burns,	Elephantiasis	Sore Throats,
Bunions	Fistulas,	Skin Diseases
Bite of Moschetos and Sand Flies,	Gout,	Scurvy,
Coco-bay,	Glandular Swellings,	Sore Heads,
Chiego-foot,	Lumbago,	Tumours,
Chilblains,	Piles,	Ulcers,
Chapped Hands,	Rheumatism	Wounds
Corns, (Soft)		Yaws,

Sold at the establishment of PROFESSOR HOLLOWAY 244 Strand, (near Temple Bar,) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices; 1s 1½d, 2s 9d, 4s 6d, 11s, 22s, and 33s each Pot.

Moderation.

While we are willing to accord Governor Seymour full credit for the success which he has achieved as the delegate in London of New Westminster, we cannot but question the morality of the course which he adopted to ensure success. Governor Seymour, like a wily politician, detected the position in which our people, by their endorsement of the Unconditional Union resolutions, had placed themselves, and immediately turned that position to useful account in obtaining a Union that would be acceptable only to the people whom he represented. Had Mr Seymour not resorted to misrepresentation to further this end, there could be no objection urged to his doing the best he knew how for New Westminster. A manly, straightforward course on the part of Mr Seymour, would have won the admiration of many of his enemies; and it is to be regretted that he pursued a line of policy totally at variance with what we had a right to expect. Well, the damage, be it great or small, it would appear, has been done, and we have reason to believe that the Colonies of Vancouver Island and British Columbia have been united with New Westminster as the capital and Victoria as a dutiable port. A few people in the community think that Union on the terms of the Bill, will benefit us; but a large majority are of opinion that Mr Seymour has us completely in his power, and that he will use his power to our detriment. There can be no question—after reading Mr Seymour's despatches—that he has entertained a deep prejudice against this Colony and its people. The cause of this feeling we are at a loss to account for, but that it existed at the time the despatches were penned, and that it was brought to bear in accomplishing an unconditional surrender of our rights, is undeniable. It is a knowledge of the existence of this feeling that has aroused a spirit of indignation and hostility in this Colony that will require more than one act of conciliation on the part of the new government to allay. The probable appointment of Mr Young as Colonial Secretary is hailed with satisfaction; but thus far it is the only green spot in the desert that Union has opened before us. It shows a desire on the part of the Home Government to atone for its act of handing us over unconditionally to our enemies and there is slight ground—and it is very slight—for indulging in the hope that all is not lost. All at present is conjecture; but a very brief space of time will elapse before the best and the worst will be known; and under any circumstances, we counsel moderation on the part of our people—especially towards Mr Seymour when he lands here. A demonstration of a hostile character would be as discreditable as it might prove damaging to the Colony. If Mr Seymour has forgotten his duty as a representative of the Imperial Government, let us not forget the duty we owe as Britons to ourselves, and adopt a line of policy that would render difficult any attempt at conciliation at some future time We wish to see no reception—no demonstration—good, bad or indifferent. Let us wait, and see what Providence and Mr Seymour have in store for us before holding any communication with our new ruler, whose "bark" may really be much "worse than his bite." If we are to adopt a policy of open and avowed hostility to Governor Seymour, it will be high time to do so when his public acts as Governor of the United Colonies stamp him as the enemy to Vancouver Island that his late despatches lead us to suppose him.

SHOCKING.—Mrs Connor, a lady of Belfast, Ireland, was shot dead accidentally a few mornings since, by her son, a lad of thirteen, while at breakfast at Newtownbreda. The boy took down a gun which was in the room, and playfully pointed it at his mother, not being aware that it was loaded, and said, "Mother, how would you like I would shoot you?" when it went off, and the charge passed through her head. When the boy saw what had occurred, he instantly ran down the stairs, crying out, "I have shot my mother; she is yet living; come up and try to save her." The boy was the unfortunate lady's only child.

VANCOUVER ISLAND.—Despatches from Victoria state that a serious dispute had arisen between Governor Kennedy and the Legislative Assembly about the financial condition of the Colony. The latter has telegraphed to the Home Government a petition that, with a view to retrenchment, the Colony may be united to British Columbia.—*London Despatch.*

SPECIAL TO THE COLONIST AND CHRONICLE.

LAST NIGHT'S DESPATCHES.

Europe.

Liverpool, Sept. 12—Cunard steamers Europa and Tarifa sailed this afternoon for Quebec direct, with a regiment of Hussars for Canada.

London, Sept. 12th—Evening—The St Leger race was won by favorite Lord Lyons, Seven Oaks being second, and Knight of the Crescent third.

Paris, Sept. 13th—The *Moniteur* of to-day publishes a convention which was signed in the City of Mexico July 30th, by which Maximilian transfers to the French agents one-half of the receipts from the Customs throughout the Empire, for the purpose of paying the debts of Mexico to France. The Convention goes into operation October first.

Berlin, Sept. 13th—The Prussian Chamber of Deputies has voted an electoral law, and parliament for Saxony. Negotiations between Prussia and Saxony progress slowly. It is said the King of Prussia demands of the King the oath of allegiance to himself, the payment of ten million thalers, and the right to garrison the fortress of Konigsberg and cities of Dresden and Leipsic with Prussian troops.

Liverpool, Sept. 14th—The Arago, from New York, arrived this morning, and after landing her London and Liverpool passengers proceeded to Havre.

Paris, 14—In an article published in to-day's *Moniteur*, it is stated that Maximilian has named Gen. Osgood as Minister of War of the Empire of Mexico to reside in Mexico, his military duty to his own country being incompatible with the proper discharge of the duties of the new position thus offered him. The Emperor, Napoleon, has refused to grant the necessary authorities to Gen. Osgood to accept the appointment.

Florence, Sept. 14th—It is announced that the plenipotentiaries of Austria and Italy have agreed on all points but the amount of indemnity, and they will soon arrive at a satisfactory adjustment on this score, when the treaty of peace will be officially signed by the high contracting parties and proclaimed through the two countries.

Berlin, Sept. 14th—Some doubt having been expressed of the passage of a Bill authorizing the King to make a loan for the liquidation of the late war expenses, it was announced on what is considered good authority, that should the bill be rejected the Chamber of Deputies will be dissolved by royal decree.

London, Sept. 14—Noon—The money market is unaltered. Consols opened at 89⅛, for money. Market for American securities is firmer.

Letter from Lillooet.

EDITORS COLONIST & CHRONICLE:—The election for member to serve in the Legislative Council for Lillooet district is announced for the 19th October. We are yet in the dark who is to come forward as our representative. The former people's member, we hope will not have the effrontery to offer himself, his views, even had he showed himself competent in other respects, are decidedly antagonistic to those of any one in the Colony other than Westminster residents Our political platform is simple, and may be condensed in these few words: "Union with Vancouver Island and the seat of Government in Victoria" We hope some gentleman will do us the pleasure, cannot some of your Island men come and run these enemies of the Colony from among us. We have men here who are equally able to act as M. L. C's, but they prefer staying at home to make money, rather than climbing up among the pictures.

His honor Judge Begbie, held Court here on the 1st inst. No cases worthy of comment: An Indian only figured in the criminal calendar for horse stealing, and was sentenced to 18 months, and another for a similar offence, got clear.

Crops are nearly all harvested, and are more than an average yield. At a rough estimate we have 700,000 pounds of grain.

Small diggings are being worked around here by men whom the fame of Cariboo cannot allure, and generally we are more prosperous than any portion of the Colony, said Cariboo not excepted. The Douglas portage can truthfully boast of a claim worth ten dollars per day to the hand; at present only one claim is being worked. There has been a little prospecting in the vicinity with a pan, which is no way of testing, as they go down to the river, which is a dashing current, and it takes a man with all his wits about him to keep track only of his pan and his boots.

Lillooet, 5th Sept., 1866. F.

Cedar Creek

We have been permitted to make the following extracts from a letter received from a miner who has visited the diggings on this creek.

BARKERVILLE, August 31th 1866.

Friend J——I take my pen in hand to write you a few lines about Cedar Creek, I left on the 29th and got here on the 30th, at noon, We are in difficulty with jumpers, for they have jumped us three deep. They are trying to contend that you could not take up ground, for men that were not in the country so they have jumped William Galley's and Herberts intrest. I saw the gold Commissioner to day, and he told me that he did not care wether a man was in Victoria or San Francisco, as long as he was a free miner he would protect his interest in the country; so he give me a notice to notify the jumpers to give up the ground, and if they were caught tresspassing that he would prosecute them according to law. The Aurora co'y had 900 feet jumped and the Borealis co'y 1200 feet; They had so much bother, with jumpers that the Gold Commissioner cancealed his first order and notified the companies that all the claims not represented within three days could be jumped, so the Aurora co'y got enough of men to represent 1300 feet; but could not get another man on the creek, for the jumpers would not go to work, and tried to get the other men there not to go to work, so they could get the ground that was laid over. They sent to Williams Creek for men, but the men that were sent for did not get there in time, so the boys lost some of there ground, but they got enough to represent all they cared most for, and the jumpers did not get much after all, The Borealis boys on the morning of representing their claim cleaned out the jumpers, then their sluices and tools into the creek, and made it so hot for them that they went to the Judge, to try to get law, for violence but could not get it. I think that there will not be much more bother, but the Discovery claim is to stand the laying over the same as when you left, but we put two men to work for you. The claim has paid us an ounce a day since we started to work in the creek; but we think it will pay us better now as we are getting it well opened and have tools to work it.

JAMES TRINY.

The War in South America.

A letter to the New York *Times* dated Buenos Ayres, June 12th, gives further particulars of the great battle between the Allies and Paraguayans, on the 24th of May. It says:

On the 21st and 22d there was heavy skirmishing. The armies were less than two miles apart, and the Allies nearest the river Parana were distant from Fort Irapiri about eight miles. They lay between two creeks, one of which served with its marshy border, for a front fortification for the Paraguayans.

On the 24th orders were issued to the Allies to prepare arms and food for two days' absence from camp and the cooking was intertupted at 11 a. m. by a general attack of the whole force of the enemy, numbering 20;000 men, in three divisions.

Gen. Osono (Brazilian) was in command of the right wing and he infused his own heroic spirit into his troops. Gen. Flores (Oriental) also distinguished himself leading the centre column. The Argentines, under Gen. Pannero, in the left column, did equally well.

The Paraguayans carried themselves with the utmost bravery. The cavalry came up at a deliberate trot and cut their way through the infantry right along up to the cannon's mouth, and cut down the artillerymen at their guns. They then went and sacked the allied camp, and in open day and during a raging battle carried off the plunder. The battle lasted till dark, when both parties retired to the fortifications, leaving a heavy loss upon the field.

The Paraguayans left 4200 killed and wounded, 370 prisoners, 4 guns, and large numbers of swords, muskets, carbines, sabres, axes, etc. The Allies left 3347 killed and wounded, of whom there were in all more than 200 officers.

The hostility between the combatants is the hostility of races. It is relentless and intense. Nearly all the Paraguayan army has in its members a tinge of Indian blood. For the first 100 years after the settlement of that region by the Spaniards, there was not one Spanish woman who went to the colony. The tribe chiefly invaded was the Guarini, and to-day there is much more of Guarini spoken in Paraguay than there is of Spanish.

Queen Emma's Reception at Washington.

Her Majesty the Queen of the Sandwich Islands has chosen a very inauspicious season for visiting the capital. Washington is, perhaps, the dullest place in the Union just at this time. Everybody has gone to Philadelphia, of course. On yesterday the Queen and suite visited the Patent Office and Smithsonian Institute and appeared much interested, expressing regrets at not having time to remain longer. During the day the Queen received calls from Mrs Secretary Welles, McCulloch and Patterson and other ladies of the *elite* of Washington society who have not yet taken their departure. In the evening, by appointment, the Queen paid her respects to the President. The President addressed her as Queen Emma, and said he would now do in person what the Secretary of State had already done—extend to her Majesty a cordial welcome to the capital of a nation of 30,000,000 of people. "If," said the President, "I were disposed to be factious, I should say that in this country all men are kings and all women are queens. Our rulers derive their power from the people, and consequently all are royal. Therefore, when you address any man or woman in this county, you talk to royalty—to a king or queen." In conclusion, the President heartily welcomed his guest. The Queen smiled and responded, "Thank you," when Mr Johnson introduced her to Mrs Patterson. The visit lasted about half an hour. Mr Stansberry, officiating as Secretary of State, led the Queen to her carriage after the usual ceremonies of adieu, her suite following. This occasion is one to be remembered. The homogeneous character of the attendance was a potent reminder that this is a free government. The national flag of Queen Emma has been floating from the flagstaff of Willard's since her arrival. The Queen has expressed a desire to visit Mount Vernon and the fortifications about Washington.—*Washington paper.*

THE NEW MINISTRY.—We were wrong in supposing last week that Mr Henley would be Chancellor of the Duchy of Lancaster. That office is accepted by the Earl of Devon. Mr Brewster is made Lord Chancellor of Ireland, a good and popular appointment, which is, however, a disappointment to Mr Whiteside, who only gets the Chief Justiceship vacated by Chief Justice Lefroy. The new Vice-President of the Board of Trade is Mr S Cave, of West Indian connections; the Vice President of the Council of Education, Mr Corry; Mr G W Hunt, the leader of the cattle owners' phalanx, is the new Financial Secretary to the Treasury; Lord Belmore is Under Secretary for the Home Department; Mr Adderley for the Colonies; Mr E Egerton for Foreign Affairs; Lord Longford for War; and Sir J Fergusson for India; so that both Secretary and Under Secretary for Foreign Affairs and for India are in the House of Commons. As regards Foreign Affairs, the Prime Minister of course being himself in the House of Lords, there will be no difficulty. Lord Henry Lennox is the new Secretary to the Admiralty.—*Spectator.*

TO REMOVE STUMPS.—A correspondent of the *Rural Register* states that Mr John Barnes, of Baltimore, removed a troublesome stump from near his house in the following manner: "Last fall, with an inch auger, he bored a hole in the centre of the stump, ten inches deep, and into it put half a pound of oil of vitriol, and corked the hole up tight. This spring, the whole stump and roots, extending through all their ramifications, were so rotten that they were easily eradicated. If true, the above would be a cheap method of removing stumps. The sulphuric acid can be bought for about ten cents per pound.—*Halifax Paper.*

☞ When you feel a cough or bronchial affection creeping on the lungs, take Ayer's Cherry Pectoral, and cure it before it becomes incurable. *

UNLOCKING THE ROCKS.—The great cost of silver and gold, arises not so much from their scarcity in the earth, as the difficulty of extracting them from their stony combinations. Dr J. C. Ayer, the well known chemist of Massachusetts, has cut this gordian knot. After having merited and received the gratitude of half mankind by his remedies that cure their diseases, he is now winning the other half by opening for them an easy road to the exhaustless treasures of the hills. He has discovered and published a chemical process, which renders at little cost, the hardest rocks and ores friable like chalk, so that the precious metals are loosed from their confinement and easily gathered. Mines too poor to pay, may be worked at a profit now, and the yield of rich mines is largely increased, while the cost of extracting the metals from the ore, is diminished. Either is a great achievement to enrich mankind or cure their diseases. But we are informed our celebrated countryman adheres to the latter, as his specialty and chief ambition.—Buffalo Sentinel.

A New and Grand Epoch in Medicine.—Dr. MAGGEL is the founder of a new Medical System! The quan itarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrum of the day. Extraordinary cures by Maggiel's Pills and Salve have oened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggiel's Pills are not of the class that are swallowed by the dozen, and of which every box fill taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disenfectant power of Maggiel's Salve. In fact, it is here announced that **Maggiel's Bilious, Dyspeptic and Diarrhea Pills** cure where all others fail. While for Burns, Scalds, Chilblains, Cuts, and all abrasions of the skin, **Maggiel's Salve** is infallible. Sold by J. MAGGIEL, 11 Pine street, New York, and all Druggists, at 25 cents per box.

WEAK STOMACH OPPRESSION AFTER EATING, &c.—Indigestion takes innumerable shapes. Sometimes the stomach becomes so sensitive that it rejects even the simplest food; and in other instances, digestion is so painful that the patient is afraid to indulge the appetite. It is in cases like these that the tonic properties of **Bristol's Sugar-coated Pills** are most strikingly manifested. Mrs Margaret McElroy, of Troy, New York, testifies that for five years, she was unable to digest solid food—taking nothing but jellies, rice, and arrow-root—and even these caused her so much uneasiness that she was obliged to limit the quantity to a couple of ounces three times a day. She was terribly emaciated, and to use her own words, "hardly cared to live." After having tried more than twenty modes of treatment, she at length commenced taking **Bristol's Sugar-coated Pills**, and she tates the result as follows. "I am thankful to say that I am quite well. I eat heartily, sleep comfortably, have recovered my flesh, and feel no pain All this I owe to **Bristol's Sugar coated Pills** and I earnestly recommend them to all who suffer from weak stomach They are sure." They are put up in glass vials, and will keep in any climate. In all cases arising from, or aggravated by impure blood, **Bristol's Sarsaparilla** should be used in connection with the Pills. For sale everywhere.

Ayer's Sarsaparilla,

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:

SCROFULA AND SCROFULOUS COMPLAINTS, ERUPTIONS AND ERUPTIVE DISEASES, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NEURALGIA OR TIC DOULOUREAUX, DEBILITY, DYSPEPSIA AND INDIGESTION, ERYSIPELAS, ROSE, OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

PREPARED BY
DR. J. C. AYER & CO.,
LOWELL, MASS.

Price, $1 per Bottle; Six Bottles for $5.

Ayer's Cherry Pectoral

has won for itself such a renown for the cure of every variety of Throat and Lung Complaint, that it is entirely unnecessary for us to recount the evidence of its virtues, wherever it has been employed. As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best it ever has been, and that it may be relied on to do for their relief all it has ever been found to do.

Ayer's Cathartic Pills,

FOR THE CURE OF

Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Erysipelas, Headache, Piles, Rheumatism, Eruptions and Skin Diseases, Liver Complaint, Dropsy, Tetter, Tumors and Salt Rheum, Worms, Gout, Neuralgia, as a Dinner Pill, and for Purifying the Blood.

They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best aperient in the world for all the purposes of a family physic.

Price 25 cents per Box; Five Boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given; with also full descriptions of the above complaints, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no others. The sick want the best aid there is for them, and they should have it.

Municipal Council.

MONDAY, Sept. 17.

Council met at 7:30 p.m. Present—His Worship the Mayor and Councillors Gowen, Lewis, Layzell and Hebbard.

VERANDAH POSTS

On motion of Mr Lewis, it was agreed that Mr D. Edwards be summoned before the Mayor, for contravening the by-law by constructing a verandah at the corner of Yates and Douglas streets without obtaining leave of the Council.

An application from Mr Cassamayou, to remove side walk on Wharf street, was granted, subject to the approval of the Committee on streets.

MUNICIPAL REVENUE.

Mr Lewis said he should like the Mayor to enquire of the Council what it proposed doing in respect to raising a revenue under the by-law of 1863 assented to by the people. He should not like to go to the full length of that by-law and to enforce the whole system of taxation in these dull times; but, although one portion of the by-lay had been upset by the former Chief Justice, the whole powers had not been called in question, and it was the opinion of the present Chief Justice and the Governor that the Council had the power to raise a revenue if they chose to enforce it, and as the Council might be required to maintain the Fire Department, and would have to pay for light, fuel, &c., he thought some taxes might properly be levied to meet current expenses.

The Mayor said a notice of motion was required.

Messrs Gowen and Hebbard thought the powers of the Council should be tested and a revenue to meet current expenses raised.

On motion of Mr Hebbard it was agreed that the propriety of enforcing the whole or a portion of the by-law be discussed at the next meeting of the Council.

Council adjourned till Monday evening next at 7 o'clock, unless previously convened by the Mayor.

ASSAULT ON THE HIGH SEAS.—John Mackay an able seaman on board the ship Royal Tar, was charged yesterday in the Police Court, with assaulting Capt. Mark on the high seas. The complainant stated that on the 27th August the accused while cleaning the decks lifted a holy stone and threatened to strike him when he seized the accused's arm. The accused was put in irons and subsequently released upon the promise that he would behave. On arrival in the Roads the accused hoisted a shirt up aloft as a signal that he wished to join the Navy. The Captain with a pistol in his hand ordered the signal to be removed, and told the man that he might join the Navy when the ship got in; the man was unruly and tried to breed discontent among the crew, the complainant thereupon had him again confined. Mr Bishop who appeared for the accused said he had cross charges to make against the Captain; it was finally arranged that the accused should be paid off and allowed to join the Navy, and he was remanded for one day to allow the arrangement to be carried out.

"GREEN EYED MONSTER."—Charley, a Hydah, was brought before Mr Pemberton yesterday, charged with breaking the windows of John Anthony, and also with discharging a loaded gun at another Indian named Charley. It appeared that the accused, who was labouring under the excitement of strong drink, on discovering the other Charley in the society of a favorite nymph, discharged a loaded musket at the gay Lothario, which, fortunately for all parties, exploded without inflicting any bodily harm. The weapon was exhibited in Court with the barrel at right angles looking like the Irishman's gun, constructed to shoot round the corner. The offender was ordered to pay $20, or suffer two months incarceration.

TEMPERANCE LECTURE—The Rev. A. C. McDougall, who is making a tour of the Coast in the good cause of temperance, will deliver a free lecture this evening at 8 o'clock, in the basement of the Wesleyan Methodist Church. When a gentleman prompted by the humane desire to reclaim his fellow creatures devotes himself to a task so beset with difficulties, it is the bounden duty of all right minded people to lend him their aid and encouragement, and we hope to see the lecturer rewarded by a full attendance. A lodge will be formed at the conclusion of the lecture.

THE ANNUAL SERVICE in celebration of the foundation of the Collegiate School was conducted yesterday in the Cathedral Church by the Rev. E. Cridge, who delivered an excellent exhortation to the boys from Job 28 chap 28 verse. "The fear of the Lord, that is wisdom and to depart from evil that is understanding."

PROPOSED LECTURE—Mr Legh Harnett, a gentleman who is here collecting material fort the Pacific Coast Directory, has, we learn, been invited to deliver a lecture at the theatre on some evening of the present week. Mr Harnett lectured recently at New Westminster, where he won the warm eulogiums of the press.

DAY OF ATONEMENT—To-morrow is the Jewish Day of Atonement and will be observed by fasting and prayer by our Hebrew fellow citizens.

IN AGLIN.—Benjamin Martin, a frequent visitor at the Hotel de Pemberton, was yesterday charged by Constable Pardoe with fighting and assaulting the officer in the execution of his duty. He was ordered to find bonds to keep the peace and to pay a fine of $20 or to suffer two months imprisonment for the assault.

FENIANS IN AUSTRALIA.—Accounts from Brisbane, by way of Sidney, published in the Melbourne *Argus*, mention a report that a Fenian movement is afoot there, and that men are being drilled and meetings held at South Brisbane.

VICTORIA RIFLE CORPS.—1st class firing Monday at 3:30 p.m.; 2d class firing, Thursday at 3:30, p.m., 3d class firing, Wednesday at 4, p. m., squad drill, Tuesday and Friday at 7:30, p. m. By order, J. GORDON VINTER Lieut. and Adjutant.

VICTORIA HOUSE.—60 cases of Fall Goods have just been received at this establishment per Royal Tar, and the goods will be ready for inspection in a few days. Particulars as per advertisement on second page. *

FRENCH MILLINERY.—The millinery department at London House is now under the management of a lady who arrived by last steamer from Paris.—J. H. TURNER & Co. *

THE "ROYAL TAR."—A portion of the cargo of this ship has been lightered and she will be brought around to Brodrick's wharf to-day. About 300 tons of the cargo consists of telegraph wire.

NO DESPATCHES have been received by Governor Kennedy relating to his recall, and it is not known in official quarters that the Union Bill has become law.

FROM ENGLAND DIRECT.—J. H. Turner & Co. have received a large portion of their Autumn and Winter Goods by the ship Royal Tar, just arrived from London. *

CRIME IN ENGLAND.—A few months ago a physician in Scotland was hanged for poisoning his wife and mother-in-law, and was supposed to have poisoned some others. Lately a physician staying at Brighton has poisoned his third wife, and on being suspected, took his own life with prussic acid. He was a most respectable man—a man of property and standing, and a model husband, but it is now believed that he poisoned all his wives, whose property he inherited, and whose lives he had insured. It is enough to give all women a distrust of doctors, who happen also to be their husbands and enough to prevent all doctors from prescribing for their wives, and doctor's wives from taking their husband's prescriptions.

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J. Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist) The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

Earl RUSSELL has graciously favored J. T. Davenport with the following extract of a despatch from Mr. Webb, H. B. M.'s Consul at Manilla, dated Sept. 17, 1864:—"The remedy most efficacious in its effects (in Epidemic Cholera) has been found to be CHLORODYNE, and with a small quantity given to me by Dr Burke I have saved several lives." Earl Russell communicated to the College of Physicians, that he had received a despatch from Her Majesty's Consul at Manilla, to the effect that cholera had been raging fearfully, and that the ONLY remedy of any service was CHLORODYNE.—See "Lancet," December 31, 1864.

From W. Vesalius Pettigrew, M D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

Extract from the General Board of Health London, as to its efficacy in Cholera.

"So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases."

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

CAUTION.—In consequence of the extraordinary efficacy of this remedy, several unprincipled parties have been induced to vend imitations. Never be tempted to buy Chlorodyne except in sealed bottles, having the words, "Dr. J. Collis Brownes' Chlorodyne" engraved on the wrapper. A sheet full of medical testimonials accompanies each bottle. Sole manufacturer, J. T. DAVENPORT, 33 Great Russell street, Bloomsbury, London. Sold in bottles, 2s. 9d and 4s. 6d. Ju24 lyw

DR. GIBBON S DISPENSARY

617 KEARNY STREET, NEAR COMmercial, San Francisco, established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal weakness, Impotency, etc., Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure to announce that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are among those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield, St. Luke's, Old street, St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's Cottage, Portugal street.

DR GIBBON has also visited Drs. Acton, of London, Parker, of Birmingham, Eng. and Ricord of Paris, who are considered the best Physicians and Surgeons in the world, and whose authority is acknowledged to be the highest in the treatment of Sexual Diseases.

DR. GIBBON has obtained from them their new mode of treatment, which cannot be surpassed.

DR. GIBBON has spared neither time or money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness

Seminal Emissions, the consequent of self abuse. This solitary vice, or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give one hundred dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

DR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure or make no charge.

Persons at a distance may be cured at home, by addressing a letter to Dr Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, for Ten Dollars, sent in registered letter or through Wells Fargo & Co.

Dr Gibbon's method will not interfere with the ordinary occupation of the patient while under treatment.

Address Dr J. F. Gibbon, 617 Kearny street, near Commercial, San Francisco, Post Office Box No. 252. Consultations FREE.

Prevention better than Cure

The newly invented Patent French safe, a sure preventive against diseases and pregnancy, sent by mail—price, $2. Address Dr J. F. Gibbon, 617 Kearny street near Commercial, San Francisco, Post Office Box 252.

Caution to the Unfortunate

Beware of the San Francisco quacks and pretenders, who, with bogus sworn to certificates, dupe the unwary. Some of the self-styled doctors, whose names are to be found in the daily and weekly newspapers of San Francisco and other places, are tradesmen, and became too lazy to work at their trades. Some are tinsmiths, shoemakers, newspaper carriers, intelligence office keepers, etc. Look over the San Francisco Directory and you will not find their Medical Institutes in it, but you will find their former occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make enquiry—it will cost you nothing and may save you many regrets; for, as advertising physicians, in eight cases out of ten, are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles, certificates, pretended patient's letters, etc. Dr Gibbon will satisfy persons who may call at his office, of his ability to treat diseases that he proposes to cure. Consultations free.

Persons writing Dr Gibbon, will please state that they see his advertisement in the COLONIST & CHRONICLE.
